

HIMALAYAN TRUST SUMMIT CHALLENGE

Mt Everest 8848m

K2 8611m

Makalu 8485m

Annapurna 8091m

Trango Towers 6286m

Mt Kilimanjaro 5895m

Everest Base Camp 5364m

Mont Blanc 4810m

Mauna Kea 4207m

Aoraki/Mt Cook 3724m

Mt Aspiring 3033m

Mt Ruapehu 2797m

Mt Taranaki 2518m

Mt Tongariro 1978m

Burj Khalifa 828m

Sky Tower 328m

Eiffel Tower 300m

PANGBOCHE SCHOOL, 3985m

One of the highest schools in the world. The original school was built by Ed in 1966 and then rebuilt with earthquake-strengthening by Himalayan Trust supporters in 2017. Your Summit Challenge will help bring great resources, training for the teachers, new books and furniture, and a brighter future for the children of Pangboche and 60 more schools in the region.

KUNDE HOSPITAL, 3840m

Built by Ed and Kiwi volunteers in 1961, this was the first hospital in the region and has successfully eliminated many of the most serious public health problems. It continues to provide care for residents and trekkers. Your Summit Challenge will help bring quality healthcare to remote communities, especially mums and babies.

BUBSA VILLAGE, 2059m

We are building a safe water system in Bubsa village with water tanks, pipes, taps and water hydrants, capable of collecting and storing enough water for daily household use for the whole village and to irrigate crops. Your Summit Challenge will help bring safe water to more remote villages in the Everest region.
